A community enriched with friends made from all over the world who come to together for a memorable summer holiday.	3 hours per day of sports and artistic activities.  This camp is similar in many ways to the "Le Classique" camp in July: the difference being that more emphasis is given to academic revision.	4 hours of sports and artistic activities.  A mountain camp particularly suited to youngsters who will experience being away from home for the first time.  With the schedule of languages, sports and artistic activities, mountain expeditions and many other things to do, students will have a great time getting to know this beautiful region of Switzerland.  A harmonious community life is one of our priorities as students are given the chance to understand themselves and others. Memorable moments and unforgettable experiences!	Mountain activities and sporting expeditions. An exciting programme which is different every day.  A programme based around a number of outdoor pursuits:  orienteering, mountain treks, via ferrata, abseiling and rafting along with a whole range of sports and excursions during which students will get to know this beautiful region of Switzerland.  This is a programme particularly suited to those who enjoy the outdoors and who would like to learn and practise leadership and team building skills.  In short, an active leisure holiday!
